_____ ,

I am Tom from Manchester. I want to make a reservation for one of the hotels in Antalya. Can you book two rooms for us in a hotel? Let me inform you about our needs.

I am a twenty-year-old university student. _____. I hope the hotel has got water sports facilities. Other outdoor sports are enjoyable for us, as well. Especially, playing beach volleyball and board games with my parents is exciting. And also, playing basketball together is our favourite activity. _____. Free parking is important for us. Our stay at the hotel is seven days. It is not a good idea to pay the parking fee. My mother is a fashion influencer, so free Wi-Fi is budget-friendly to share and comment on her posts. _____, and he loves diving and snorkelling. My little sister is six years old. _____, so please make sure the hotel has got a children's pool. Babysitting opportunities and kids' toys are also important for us.
