To me, social media has both good and bad sides. The good side is that you can _____ with many people, exchange opinions, or run your business. I really like social media because it lets me stay _____ and share posts without revealing my identity. The bad side is that _____ communication has become rare today. People send text messages to each other even when they sit at the same table. Friends _____ through social media tools, and they take pictures of every moment. I wonder if there are some people who still go out and _____. I sometimes _____ photos and videos, and it takes too much of my time. Believe it or not, I think people will have time management problems in the future. In my opinion, with its good and bad sides, social media will have a bigger place in our lives.
